"ChoCo Premix Coffee" found to be adulterated with Sibutramine

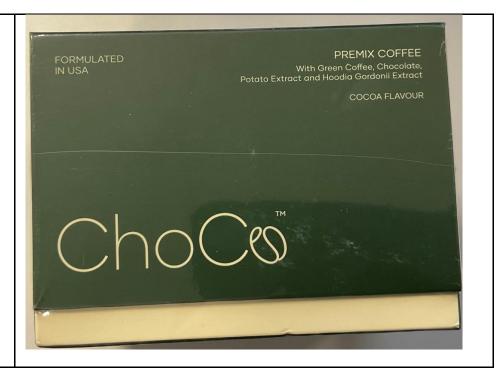

The Singapore Food Agency (SFA) has detected a banned substance, Sibutramine, in "ChoCo Premix Coffee". Consumers are advised not to purchase or consume the product.

- ² 'ChoCo Premix Coffee' is sold on various local e-commerce platforms and marketed as a weight loss product with claims of weight loss, avoidance of muscle loss, acceleration of fat burning, fat removal, reduction in hunger, improvements in constipation, repair muscle and increase muscle mass. SFA has worked with various online e-commerce platforms to remove the listings of the product and issued warnings to the respective sellers to stop selling the product with immediate effect.
- 3 Sibutramine is a prescription only weight loss medicine banned in Singapore since 2010, due to an increased risk of heart attack and stroke. Other serious health consequences reported with its use include heart problems and central nervous system disorders (e.g. psychosis and hallucinations). Seizures have also been reported with sibutramine.
- SFA will not hesitate to take stern enforcement actions against anyone who sells and supplies unsafe food products that are adulterated with banned substances or potent ingredients. Under Section 15 of Singapore's Sale of Food Act, the sale of unsafe food is not permitted. Any person who contravenes any of the provisions of this Act shall be guilty of an offence and shall be liable on conviction to a fine not exceeding \$5,000 and, in the case of a second or subsequent conviction, to a fine not exceeding \$10,000 or to imprisonment for a term not exceeding 3 months or to both.
- 5 Details of the products are as follows:
