

AWARD OF TENDER FOR FOOD FISH FARMING AT EAST OF PULAU KETAM

The Singapore Food Agency (SFA) and Singapore Land Authority (SLA) have awarded the tender of a State land parcel at the east of Pulau Ketam to Prime Aquaculture Pte Ltd today. The island is located off south of Pulau Ubin.

2 The tender was launched based on price-quality consideration on 23 Feb 2022 and closed on 20 Apr 2022. Prospective tenderers were assessed in accordance with their business concept and farming plan, proposed production output, track record/experience and financial standing. A total of four tenderers bid for this land parcel. Details of the tender can be found in Annex A.

3 The State land parcel can be used for the cultivation of fish larvae, production of fish fingerlings and maintaining broodstock for production of eggs. This land tender will support the development of the local aquaculture industry with supply of quality-assured fingerlings.

4 This tender will contribute towards our “30 by 30” goal to build the agri-food industry’s capability and capacity to produce 30 percent of our nutritional needs locally and sustainably by 2030.
