

**Recall of “Tesco Finest Fruit Presse” bottled drinks**

The European Commission Rapid Alert System for Food and Feed (RASFF) has issued a notification that four flavours of Tesco Finest Fruit Presse have been recalled because fermentation has occurred in some of the bottles causing spoilage of the products. This may potentially present a risk to health and the fermentation could also result in the built up of pressure in the bottles which may cause them to explode.

2 As there is import of the implicated product into Singapore, the Singapore Food Agency (SFA) has directed the importer, NTUC FairPrice Co-Operative, to recall the product.

3 Consumers who have bought the affected products are advised not to drink them. Consumers may return them to the store from where it was bought for a full refund. Alternatively, they may contact NTUC Fairprice Co-operative Ltd at 6552 2722 (Customer Relations Hotline) for enquiries or exchange of the product.

**Product details:**
