

Recall of “Chang Soda Water” due to presence of bromate

The Singapore Food Agency (SFA) has detected the presence of bromate in samples of “Chang Soda Water”. Under the Singapore Food Regulations, food products including bottled water, are not allowed to contain any incidental constituents¹ such as bromate.

2 We have directed the importer, Yen Investments Pte Ltd, to recall the implicated product. The recall is ongoing.

3 The consumption of excessive levels of bromate in food or drinks for a prolonged period of time could result in gastrointestinal symptoms such as nausea, vomiting and abdominal pain.

4 Consumers who have purchased the implicated product should not consume it. Those who have consumed the implicated product and have concerns about their health should seek medical advice. Consumers can contact the importer at thahara@yen.com.sg or 6752 4320 for enquiries and for exchange or refund of the products.

5 Details of the product are as follows.

¹ Incidental constituents in food refer to extraneous substances, toxic substances and toxins, etc.
